1. Comment. Compared to the last reported period, hard coal imports from Poland increased from 164 carloads to 183 carloads per day. The increase of coal imports is still inadequate. At Fuerstenberg/Oder imported coal is transloaded to water or forwarded by rail to the receiving stations. Grain imports from the USSR decreased from a daily average of 68 carloads to 23 carloads. The reason for this considerable drop is unknown. 25X1

2. Comment. Empty cars dispatched for coal shipments from Poland increased from a daily average of 210 units to 236 units. The number of empty boxcars for grain shipments from the USSR decreased from a daily average of 66 to 28. 25X1
